MEMORANDUM FOR: William F. Martin
Executive Secretary
National Security Council

SUBJECT: Revised Draft NSDD on Angola

25X1

REFERENCE: Your Memo to Multiple Addressees,
dtd 9 Jan 86, Same Subject

We concur in the draft NSDD but offer one observation with regard to the objective on page 3 dealing with US oil companies. Recent CIA analysis on Angolan oil vulnerabilities noted that, should US oil companies be forced out of their Angolan holdings, it is likely their place and investments would be quickly taken by French, Brazilian, or other foreign oil company competitors. This would, quite probably, result in only a minor net loss of revenue to the MPLA regime.
